The New York Polyclinic Medical School and Hospital

Chartered by the University of the State of New York

A Clinical School for Graduates In Medicine

Organized in 1880-81
Founded in 1882

For further information apply to

W. R. Townsend,
Secretary
214 East 34th Street
New York City

THE New York Polyclinic is the oldest post-graduate medical school in America. Students may enter at any time. The Hospital wards adjoin the lecture rooms, and matriculants are thus enabled to witness operations and to follow the treatment of patients. Clinical material in every department is abundant, and all are given an opportunity to study minutely the symptoms of every case.

MISS ALSTON'S HOUSE,

FOR PRIVATE PATIENTS,

143 West Forty-seventh Street, - New York.

Telephone, 1842-38th St.

Miss A. L. Alston, for nearly eight years Superintendent of Mount Sinai Training School for Nurses, opened, September, 1894, a house for the reception of private patients.

Miss Alston's long and thorough experience will insure the best of nursing and general supervision for those who are in her charge. Great attention will be paid to the careful and appetizing preparation and serving of the food.

The house is supplied with an operating room fitted up with all the appliances for modern surgery. There is a skylight, also a good side-light; an elevator large enough to convey the patients to and from the operating room, and all the requisite requirements of a house of the kind.

All classes of cases, male and female (including maternity cases) will be received, excepting those suffering from contagious diseases or insanity.

Patients will be entirely in charge of their own physician, no house officer being in attendance.

The house will be open the entire year.

A registry for nurses has been opened and physicians and private families will be furnished with capable nurses.

Dressings for aseptic surgery furnished to surgeons at moderate rates for private practice.

what you're doing!

Don't give your patient Cod-Liver Oil unless he really needs it. But if the clinical history of his affection proves that Cod-Liver Oil is a valuable remedy in that particular disease, begin its administration at once. Don't play with it, nor expect to obtain the best results from inferior preparations. Be satisfied only with what has been tested by severe experience and found to be superior. AN EVENT OF MUCH IMPORTANCE

Ammonol

The Stimulant - Analgesic - Antipyretic - Ethical

Is an Ammoniated-Phenylacetamide product of Coal Tar, and differs from the numerous similar products in that it contains Ammonia in active form. As a result of this **AMMONOL** posseses marked stimulating and expectorant properties. The well-known cardiac depression induced by other Antipyretics has frequently prohibited their use in otherwise suitable cases. The introduction of a similar drug, possessed of stimulating properties, **is an event of much importance. AMMONOL** possesses marked anti-neuralgic properties, and it is claimed to be especially useful in cases of dysmenorrhœa.—*The Medical Magazine, London.*

AMMONOL behaves as a stimulant as well as an antipyretic and analgesic, thus differing from other coal-tar products. It has been used in the relief of rheumatism and neuralgic pains, and in the treatment of the sequelæ of alcoholic excess. **AMMONOL** is also prepared in the form of salicylate, bromide and lithiate. The presence of Ammonia in a more or less free state gives it additional properties as an expectorant diuretic and corrective of hyperacidity.—*London Lancet.*

Ammonol may be obtained from all Leading Druggists.

Trophonine

a palatable and nutritious liquid food, contains the nutritive elements of beef, wheat-gluten and nucleo-albumins, so prepared as to be readily absorbed and aid almost immediately in the process of reconstruction. It furnishes the sick with the largest possible supply of nourishment and with the minimum tax on the digestive organs.

Protonuclein

by increasing the number of Leucocytes, destroys toxic germs, increases the inherent resistance to disease, quickens glandular activity, arouses the nutritive forces, gives tone to the system and stimulates cell-life throughout the organism.

Peptenzyme

is the only perfect digestant. It digests every variety of food. In physiological activity it presents the active and mother ferments of the entire group of digestive organs. It aids digestion by furnishing an additional supply of protoplasmic material out of which active ferments are elaborated, and perfects the process by increasing cellular activity.

Maltine

MALTINE is not merely "malt," nor is it a mere "extract of malt," nor an "essence of malt."

MALTINE is the most highly concentrated extraction of all the nutritive and digestive properties of Wheat, Oats and Malted Barley.

It has stood alone and unrivalled throughout the world in its therapeutic field for more than twenty years, despite the most strenuous efforts of the ablest pharmaceutical manufacturers to produce a preparation approaching it in medicinal value, elegance, palatability and stability.

"Malt" is not "MALTINE."

"Extract of Malt" is not "MALTINE."

"Essence of Malt" is not "MALTINE."

"MALTINE" must be designated to get "MALTINE."

THE

MEDICAL DIRECTORY

OF THE

CITY OF NEW YORK.

PUBLISHED BY THE
MEDICAL SOCIETY OF THE COUNTY OF NEW YORK.

PRICE, $1.50.

WYNKOOP HALLENBECK CRAWFORD CO., PRINTERS,
NEW YORK AND ALBANY.
1901.

PREFACE.

The publication of the Medical Directory of the City of New York was first undertaken for the purpose of supplying the Medical Society of the County of New York with an official list of its own members. A complete list of all qualified practitioners in the city and county was then demanded, after which the legal practitioners in the State of New York (outside of the city) as well as those in the States of New Jersey and Connecticut, were also included in this volume.

The other matter in the book has been so arranged as to facilitate its use as a reference guide for the medical profession of the city and its suburbs.

The reports of the changes in addresses, office hours, etc., have been unusually complete this year, and the greatest possible accuracy has been thus assured.

The value of the Directory is attested by the advance sales, which far exceed those of any year since the foundation of the book in 1888.

The editor hereby acknowledges his obligations to the members of the Comitia Minora and all others who have generously aided in the preparation of the Directory.

EXTRACTS FROM THE BY-LAWS OF THE MEDICAL SOCIETY OF THE COUNTY OF NEW YORK.

"The annual meeting of the Society shall be held on the fourth Monday in October.

"Stated meetings shall be held on the fourth Monday of every month, except in the months of June, July, August and October.

"Nominations for the officers, censors and delegates, to be elected at the annual meeting, shall be made at the stated meeting in September.

"Members whose dues are unpaid shall not be candidates for any official position in the Society, nor shall they be entitled to vote.

"Every candidate, before signing the By-Laws, shall be required to pay an initiation fee of two dollars, together with the current dues, within three months from the date of his election.

"The Comitia Minora shall recommend no applicant for admission to membership unless he be a graduate from a medical college in good standing or a licentiate of a regular unsectarian State or County Medical Society of this or any other State; or, if his diploma or license be of sectarian character, unless the applicant declares in writing his or her abnegation of sectarian principles and practice.

"Members whose dues or assessments are unpaid for one or more years, or who are under suspension, shall not be eligible for nomination or election, or appointment for any official position in the Society, nor shall they be entitled to vote *or to receive the notices or publications of the Society.*"

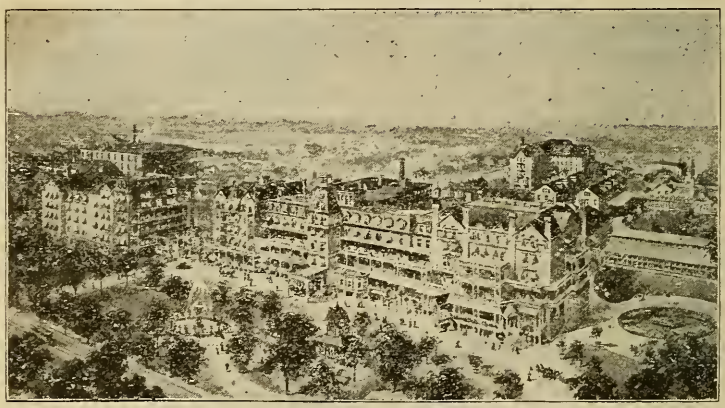
Doctor: We respectfully invite your attention to the fact that the Battle Creek Sanitarium is a good place for those cases of chronic indigestion, neurasthenia, insomnia, gastric and intestinal catarrh, constipation, and pelvic disorders which do not yield to the usual measures capable of employment at home.

The advantages afforded by a first-class physiological laboratory for the investigation of stomach disorders, blood examinations, etc., an admirably equipped diet kitchen, a scientifically conducted gymnasium, elaborate and elegant facilities for scientific hydrotherapy, steam heated, thoroughly ventilated



buildings, three hydraulic elevators, a corps of twenty thoroughly trained physicians, 250 nurses, a salubrious location—offer an exceptionally favorable opportunity for the successful treatment of chronic invalids of all classes.

Sanitariums under the same management are located at St. Helena, Cal.; Boulder, Colo.; Guadalajara, Old Mexico; and Chicago, Ill.

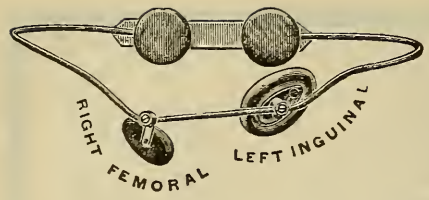
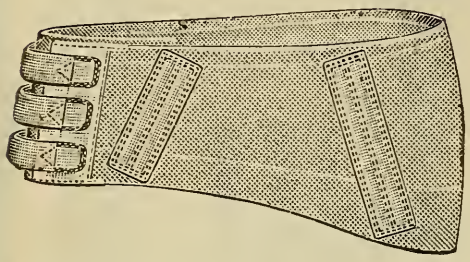
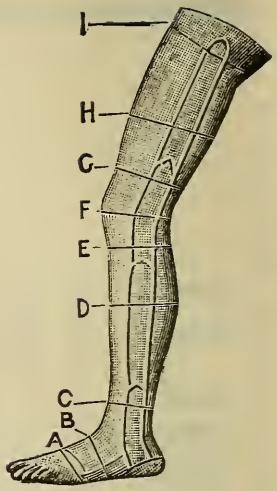
THE PURDUE FREDERICK CO.,
No. 15 Murray Street, New York.







For more than twenty years, with the late Daniel Pomeroy, I fitted several trusses each working day. I will guarantee to comfortably and satisfactorily fit patients, subject to the physician's approval, or cheerfully refund any money they may pay me.

ELASTIC STOCKINGS AND SUPPORTING BELTS I make to measure, and hence to fit. Patients can be measured and fitted at their own homes, by either men or women attendants, if the physician so desires.

I am in my office from 8 A. M. to 6 P. M. every week-day.

"I am constant as the northern star,
Of whose transfix'd and resting quality
There is no fellow in the firmament."
—*Julius Cæsar.*

THERE are few useful products that have been more numerously and less successfully imitated than

"BRUSH'S KUMYSS."

THE same word, often the same lettering as directions on the label, the same colored ink, and sometimes a device that imitates closely the trade-mark, may cover a base imitation.

Only the word "BRUSH" will make your order definite.

Infant Feeding.

EXCEPT that derived from the *healthy* mother's breast, the best food for an infant is the milk of *healthy* cows, if these animals receive proper food and care.

EVERY common-sense detail that it is possible to observe is practiced in Dr. Brush's milk dairy. Nothing but the whole grist of the best grain—no refuse of any description—is used as food. All the care and attention to the cows is given with an intelligent desire to produce good milk.

IT is delivered in New York City at 15 cents per quart; orders addressed to me will receive prompt attention.

Cures While You Sleep,

Whooping Cough,
Asthma, Croup,
Colds,

Vapo-Cresolene

Catarrh,
Bronchitis...

An antiseptic, antispasmodic and prophylactic, to be vaporized for the treatment of Whooping Cough, Croup, Bronchitis, Asthma, Diphtheria and kindred diseases of the throat and air passages.

It takes time to prove the value of a remedy; CRESOLENE has twenty years behind it and the assurance of a vigorous and growing demand, besides the personal acknowledgment of many physicians that it is the best remedy, particularly for Whooping Cough and Croup, ever introduced. The application of CRESOLENE is simplicity itself. The Vaporizer acts from five to six hours without attention. The patient simply breathes the medicated air of the room. The treatment being by inhalation does away with the necessity of waking the patient, which, in itself, is of sufficient importance to warrant giving it a trial. Cresolene may be used in connection with any other treatment, and is used with success in the treatment of Diphtheria, Scarlet Fever and Measles. CRESOLENE is a product of coal tar, of much greater antiseptic power than carbolic acid. Send for descriptive booklet, containing physicians' testimonials and price list.

NOTICE.—Physicians will be allowed a liberal discount, express paid on first order, and money back if not satisfied.

ANTIPHLOGISTINE

Warm, then spread on the skin an eighth of an inch thick over the affected part, cover with absorbent cotton and a compress. In from 12 to 36 hours it will peel off nicely like the peel from a banana.

Antiphlogistine is extensively and successfully used in the treatment of

Pneumonia	Bruises	Periostitis
Pleurisy	Boils	Synovitis
Inflamed Glands	Bronchitis	Felons
Sprains	Erysipelas	Chronic Ulcers, Etc.

And for all cases where Inflammation or Congestion is present and a local medicine is indicated. Where pus is present, evacuate, then apply Antiphlogistine.

ANTIPHLOGISTINE hugs the skin closely.

ANTIPHLOGISTINE maintains a uniform degree of temperature continuously for 12 to 24 hours or more.

ANTIPHLOGISTINE reaches down into the tissues and draws out serum—a veritable process of white bleeding.

ANTIPHLOGISTINE produces a feeling of relief, comfort and drowsiness, due to the relief of congestion and pain.

Our new style packages—seamless and sealed (air-tight), yet easily opened—must commend themselves and be appreciated by all users of ANTIPHLOGISTINE. To protect self and patients against imitations and worthless substitutes, always prescribe a *full package* and see to it that the *seal* has not been tampered with. Small (net 10½ oz.) 50 cts.; Medium (net 17½ oz.) 75 cts.; Large (net 34½ oz.) $1.25.

A request with 25 cents for carriage entitles you to a free sample pound package. Try it.

EXAMINATIONS FOR LICENSE TO PRACTICE MEDICINE.

LAWS OF NEW YORK, 1893, CH. 661; § 145 ADMISSION TO EXAMINATION, AS AMENDED TO June 1, 1901.

The regents shall admit to examination any candidate who pays a fee of $25 and submits satisfactory evidence, verified by oath, if required, that he

1. Is more than 21 years of age;
2. Is of good moral character;
3. Has the general education required preliminary to receiving the degree of bachelor or doctor of medicine in this State;
4. Has studied medicine not less than four full school years of at least nine months each, includng four satisfactory courses of at least six months each, in four different calendar years, in a medical school registered as maintaining at the time a satisfactory standard. New York medical schools and New York medical students shall not be discriminated against by the registration of any medical school out of the State, whose minimum graduation standard is less than that fixed by statute for New York medical schools. The regents may, in their discretion, accept as the equivalent for any part of the third and fourth requirement, evidence of five or more years' reputable practice, provided that such substitution be specified in the license. The regents may also in their discretion admit conditionally to the examination in anatomy, physiology and hygiene, and chemistry, applicants certified as having studied medicine not less than two full years of at least nine months each, including two satisfactory courses of at least six months each in two different calendar years, in a medical school registered as maintaining at the time a satisfactory standard provided that such applicants meet the first, second and third requirements.
5. Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country, unless admitted conditionally to the examinations as specified above, in which case all qualifications, including the full period of study, the medical degree and the final examinations in surgery, obstetrics, pathology and diagnosis, and therapeutics, including practice and materia

medica, must be met. The degree of bachelor or doctor of medicine shall not be conferred in this State before the candidate has filed with the institution conferring it the certificate of the regents that before beginning the first annual medcal course counted toward the degree unless matriculated conditionally as hereinafter specified (three years before the date of the degree), he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the regents as fully equivalent; or held a regents' medical student certificate granted before this act took effect; or had passed regents' examinations as hereinafter provided. A medical school may matriculate conditionally a student deficient in not more than one year's academic work or 12 counts of the preliminary education requirement, provided the name and deficiency of each student so matriculated be filed at the regents' office within three months after matriculation, and that the deficiency be made up before the student begins the second annual medical course counted toward the degree. Students who had matriculated in a New York medical school before June 5, 1890, and students who had matriculated in a New York medcal school before May 13, 1895, as having entered before June 5, 1890, on the prescribed three years' study of medicine, shall be exempt from this preliminary education requirement.

A medical student certificate may be earned without notice to the regents of the conditional matriculation either before the student begins the second annual medical course counted toward the degree or two years before the date of the degree for matriculants in any registered medical school, in the four cases following:

1. For matriculants prior to May 9, 1893, for any 20 counts, allowing 10 for the preliminaries, not including reading and writing;

2. For matriculants prior to May 13, 1895, for arithmetic, elementary English, geography, spelling, United States history, English compositon and physics, or any 50 counts, allowing 14 for the preliminaries;

3. For matriculants prior to January 1, 1896, for any 12 academic counts;

4. For matriculants prior to January 1, 1897, for any 24 academic counts;

But all matriculants, after January 1, 1897, must secure 48 academic counts, or their full equivalent, before beginning the first annual medical course counted toward the degree, unless

admitted conditionally, as hereinbefore specified, when the deficiency must be made up before the student begins the second annual medical course counted toward the degree.

This act took effect March 21, 1896, *except that the increase in the required course of Medical study from three to four years does not take effect till January* 1, 1898, *and does not apply to students who matriculate before that date and receive the degree of M. D. before January* 1, 1902.

Notes on the Preliminary Education Requirement.

The regents will accept as fully equivalent to the required academic course any one of the following:

(*a*) A certificate of having successfully completed at least one full year's course of study in the collegiate department of any college or university, registered by the regents as maintaining a satisfactory standard.

(*b*) A certificate of having passed in a registered institution examinations equivalent to the full collegiate course of the freshman year or to a completed academic course.

(*c*) A regents' diploma.

(*d*) A certificate of graduation from any registered gymnasium in Germany, Austria or Russia.

(*e*) A certificate of the successful completion of a course of five years in a registered Italian *ginnasio* and three years in a *liceo*.

(*f*) The bachelor's degree in arts or science, or substantial equivalent from any registered institution in France or Spain.

(*g*) Any credential from a registered institution or from the government in any foreign State or country which represents the completion of a course of study equivalent to graduation from a registered New York high school or academy or from a registered Prussian gymnasium.

Extracts from Rules.

Order of Studies.—There is no restriction in the order in which studies may be taken. Advanced students who have come from other States, or who, for other reasons, have not passed in elementary subjects, may take them at any time—*e. g.*, arithmetic after algebra or geometry. English composition after rhetoric, etc.

Time Limit.—There is no limit of time, but all credentials issued by the University are good till cancelled for cause. Studies necessary to obtain any credential may be passed at different examinations.

Notes on the Professional Requirements.

1. Seventy-five per cent. of correct answers is required in all subjects.

2. All subjects must be passed at the same examination.

Note.—When a candidate for license has been rejected in but *one* topic and his average is at least 80, at subsequent examinations he shall be examined only in the topic in which he originally failed to receive the required (75) percentage.

3. All examinations must be conducted in the English language.

4. Medical preparatory courses, as such courses are now taught in various scientific schools and colleges, cannot be accepted for one year of the medical study required by the law.

5. In 1901, the medical law was amended, giving the regents power to admit conditionally to the licensing examinations in anatomy, physiology and hygiene and chemistry, applicants certified as having studied medicine not less than two full years of at least nine months each, in two different calendar years, in a medical school registered as maintaining at the time a satisfactory standard; provided that such applicants are more than 21 years of age, of good moral character, have the requisite preliminary education and pay the fee of $25; the final examinations in surgery, obstetrics, pathology and diagnosis and therapeutics, including practice and materia medica, to be made after having finished the full period of study and having received the medical degree.

As the result of a conference held May 13, 1901, by representatives of the medical interests of the State, the regents have been requested to put this plan in operation, beginning with the September 1901 medical licensing examination.

Medical Examinations.

POWERS AND DUTIES OF COUNTY CLERKS IN REGISTERING LICENSES TO PRACTICE MEDICINE IN NEW YORK STATE.

The laws relating to registration of physicians by county clerks were repealed May 9, 1893, when the new law took effect. The law forbids the registration of any authority to practice medicine except a license or diploma issued or indorsed as a license under seal by the University of the State of New York, or (in case of removal to another county of a physician already licensed) a certificate clearly showing that the original registration was of an authority issued or indorsed under seal by the regents.

To provide against penalties for illegal registration, all other cases should be referred to the University of the State of New York, the only authority by which licenses can be issued after September 1, 1891.

Address all communications: Examination Department, University of the State of New York, Albany.

JAMES RUSSELL PARSONS, jr.,
Secretary of the University.

THE NEW YORK SOCIETY

FOR THE

RELIEF OF WIDOWS AND ORPHANS

OF MEDICAL MEN.

Instituted 1842. Incorporated April 18, 1843.

Annual members pay an initiation fee of $25, and $10 dues in semi-annual payments. Any person paying $100 at one time becomes a member for life, and $250, and upward, a benefactor. Members of the regular medical profession, residing in New York, Kings, Queens, Richmond and Westchester Counties, who are in good health, are eligible for election as members.

Persons Entitled to Relief: 1. The widow of a member whose income does not exceed eight hundred dollars per annum. If said widow shall marry again, her annuity shall cease. 2. Children of a member, males under sixteen and females under eighteen years of age and unmarried, and where the mother's income is not more than two hundred dollars per annum for each child respectively, in addition to the eight hundred dollars above mentioned. 3. Orphans of a member, males under sixteen and females under eighteen years of age and unmarried, whose income does not exceed two hundred dollars per annum. Every child, on arriving at the age when the annuity ceases, shall receive the sum of one hundred dollars as an outfit. In cases of prolonged ill health, or other extraordinary circumstances, the assistance granted to the surviving children of members may be extended beyond the limits of sixteen and eighteen years respectively. An aged mother, father or sister dependent on a member may receive assistance after a member's death. The marriage of the widow shall not invalidate the claims of the children to assistance from the Society. No one shall be entitled to claim assistance from the Society unless the person by virtue of whose membership the claim is made has been a member for the two years previous to his death.

Every widow of a member shall be entitled to four hundred dollars per annum, but for every ten dollars or multiple of ten dollars, of income, an amount fully equal to fifty per cent. of said income shall be deducted from the annuity. Every child entitled to relief shall receive one hundred dollars per annum, subject to the same reduction of fifty per cent. of income as above. When there are full orphans, then each case shall be specially investigated by the Standing Committee, and the amount fixed for every year, according to the circumstances of the case.

Total assets of the Society October 6, 1900, $244,790.16.

OFFICERS.—J. H. Emerson, Pres.; A. B. Judson, E. Herrick, J. D. Bryant, Vice-Pres'ts; A. F. Currier, Sec.; Henry Tuck, Treas.

The duration of human pregnancy is about 275 days. This is subject to some variation, and the longest period is still undetermined. As labor occurs in the larger proportion of cases between 270 and 290 days from the last menstruation, it is usual to reckon either from the first or last day of this period, taking as the mean 280 days, or a little over nine calendar months. For this approximate calculation the first day of the menstrual period may be used as being more readily ascertained. The table presents at a glance the beginning and end of 280 days for every day of the year. Find the day of menstruation in the upper line of the horizontal row, and the figure below, with the corresponding month, will indicate 280 days. In leap year, if the period of pregnancy includes February, the time for labor will be one day earlier than that given in the table.

MONEY ORDERS PAYABLE AT NEW YORK, N. Y.

In order to satisfactorily conduct the money order business at New York the Department has recently authorized the main office in that city to cash all orders drawn on stations, and, in like manner the stations have been authorized to cash orders drawn in the main office. Notwithstanding the fact that the labor has been lessened through this method, the business is so large in extent that the Department requests postmasters at money order offices to hereafter omit drawing orders on stations in New York, but to issue all such orders payable simply at New York, N. Y. It is to be understood that remitters are to mail the orders to payees as heretofore at the street address of such payees. The holders of the orders, however, may cash them at any station or at the main office, but the labor connected with handling this business will be greatly reduced if this

simple form be followed. In like manner it is desirable that the practice of drawing orders on any station of any other city shall be gradually discontinued, inasmuch as the object will be gained by drawing all orders on the respective main offices they being cashed at either the stations or the main office, as best suits the convenience of the payees.

POSTAL RATES.

UNITED STATES, CANADA AND MEXICO.

On *Letters* (and on all matter sealed or closed against inspection), two cents for each ounce or fraction thereof; on *Newspapers* and Magazines known as "Second Class Mail Matter," one cent for each four ounces; on *Circulars*, Books, Pamphlets, Business Cards, Hand Bills, Engravings, Chromos and other similar printed matter, one cent for each two ounces or fraction thereof; on *Merchandise*, one cent per ounce or fraction thereof, except Seeds, Cuttings, Roots, Plants, Bulbs and Coins, the postage on which is one cent for each two ounces or fraction thereof.

Domestic Postage Rates and Classifications between the United States and its Island Possessions and Cuba and the Military and Naval Service in China: Forwarding of all mail matter to persons in the United States service; Gifts or Souvenirs for or from persons in U. S. service; It is hereby ordered:

1. That all mail matter originating in the U. S. for transmission to Cuba, Guam and Philippine Archipelago or Tutuila (including all adjacent islands of the Samoan group which are possessions of the U. S.) shall be subject to the U. S. domestic classification, conditions and rates of postage.

NOTE 1. In this Order, Hawaii, and Porto Rico are included in the term U. S. and Guam, Tutuila, and the Philippine Archipelago, are included in the term Island Possessions.

NOTE 2. To insure prompt delivery, mail matter sent to persons in U. S. service should include in the address the complete designation of the organization, company or regiment, vessel or other branch of the service to which the addressee belongs; and the postage thereon should be fully prepaid.

3. That all mail matter whatever its class addressed to persons in the U. S. service, serving in the U. S. or any of its island possessions, or Cuba or en route to or from the U. S. or any of its island possessions, or Cuba, whose change of address is caused by official orders, shall be transmitted as rapidly as possible until it reaches the addressee; that the actual location of the addressee for the time being, shall be considered as the original destination of the piece of mail matter; that such transmission shall not be considered as "forwarding" in the sense in which that word is used in the postal service and that no additional postage shall be required therefor.

4. That letters sent by soldiers, sailors, and marines in the U. S. service in Cuba, Guam, the Philippine Archipelago or Tutuila addressed to places in the U. S. when endorsed "Soldiers letter," "Sailors letter" or "Marine's letter" may be despatched to destination without prepayment of postage and only the single rate of postage shall be collected on delivery.

5. That the postage rates, conditions and treatment prescribed throughout this order shall apply as far as practicable to all mail matter sent to or from persons in the U. S. military or naval service while in China: Provided, that such mail matter sent by persons in the U. S. service in China be endorsed to show the branch of the service to which the sender to places in the U. S. when endorsed "Soldier's letter," "Sailor's letter" or "U. S. marine's letter," and that such mail matter addressed to persons in the U. S. service in China bears the complete designation of the

organization, company or regiment, or vessel to which the addressee belongs.

6. In pursuance of the President's order of November 4, 1899, unsealed packages and parcels of mailable matter containing only articles designed as gifts or souvenirs and with no commercial purpose and not for sale, sent by persons in the U. S. service (military, naval or civil) in Porto Rico, Guam, the Philippines Islands or Cuba, to members of their families in the U. S.; and unsealed packages of mailable matter of the same personal character, sent from the U. S. to officers, soldiers, sailors and others in the public service in said islands shall be transmitted through the mails and delivered subject only to domestic postal rates and regulations: Provided, that no such packages shall exceed four pounds in weight and each shall be endorsed on the outside in a conspicuous place with the word "Gift" or "Souvenir" or the equivalent thereof; and that when sent from said islands to the U. S. each such package shall be so marked as to show the branch of the service to which the sender belongs and be countersigned by a commissioned officer or a postmaster; and that when sent from the U. S. to said islands each such package shall show the branch of the service to which the addressee belongs.

Beginning April 1st, 1901, Domestic Rates apply to all mail addressed to Cuba.

Where to affix the postage stamps on mail matter:

The proper place for a postage stamp on mail matter is the upper right hand corner of the address side. This facilitates cancellation and distribution and insures prompt and proper treatment throughout the service.

Stamps placed elsewhere are liable to be overlooked and the matter mistreated as unpaid or otherwise, and perhaps delayed in dispatch. Therefore unless impracticable, stamps should be affixed on the "face" of all mail matter.

When and how postage should be paid:

The rule of the statutes is full prepayment of postage on matter not free in all cases, except as follows:

First class matter.—The postage is to be prepaid by stamps affixed. But first class matter will be dispatched if one full rate—two cents—in stamps be affixed, provided it does not exceed four pounds in weight. The deficiency must be rated up by the mailing postmaster and collected of the addressee on delivery.

Great Britain, Ireland, Germany, France, Italy, Spain, Austria, Russia, and all other Countries belonging to the Universal Postal Union.

On *Letters*, five cents for each half ounce; on *Newspapers* and other printed matter and on samples of merchandise (nothing of salable value allowed), one cent for each two ounces or fraction thereof. *International Postal Cards* can be sent to all European and most other foreign countries. To Canada and Mexico domestic rates apply.

Do not send money by mail except in Registered Letters or by Money Orders.

Parcels Post Convention between Bahamas, Barbadoes, Columbia, Costa Rica, Danish West Indies, Hawaii (British), Honduras, Jamaica, Leeward Islands, Mexico, Salvador, British Guiana, Windward Islands, Newfoundland, Republic of Honduras, Trinidad, Chili, Germany and Guatemala.

All mail matter passing between the United States and Porto Rico, Guam and the Philippine Archipelago, or between these island possessions of the United States, shall be subject to the domestic classifications, conditions and rates of postage.

United States domestic classification, conditions and rates of postage shall apply to all mail matter sent by or addressed to persons in the United States service (military, naval or civil) in Cuba or Hawaii, provided,

That such mail matter sent by persons in the United States service in Cuba or Hawaii to be entitled to said rates of postage must be endorsed so as to show the branch of the service to which the sender belongs, as soldier's letter (or mail), sailor's letter (or mail), and when sent by a civil employee, postal service letter (or mail), customs service letter (or mail), etc.

That such mail matter addressed to persons in the United States service in Cuba or Hawaii to be entitled to said rates of postage must bear in addition to the name of addressee the complete designation of the organization, company or regiment, vessel or other branch of the service to which the addressee at the place of address belongs, and the postage thereon must be fully prepaid.

That letters from soldiers, sailors or marines in the United States service in Cuba, Porto Rico, Hawaii, Guam and the Philippine Islands, addressed to places in the United States, when endorsed, soldier's, sailor's or marine's letter may be despatched to destination without prepayment of postage, and only single rate of postage shall be collected on delivery.

That letters emanating from American National Red Cross Society, addressed to persons connected with the hospital service of that society in Cuba, when bearing on the face of the envelope the printed words Red Cross Hospital Service (not excluding other printing which the society may desire to have appear), shall be transmitted in the mails at the United States domestic rate of postage, and that letters from the Red Cross Hospital Service in Cuba, bearing the words above indicated and addressed to the Red Cross Society in the United States, or to the officers thereof, shall be entitled to transmission in the mails at the United States domestic rate of postage.

That the registration fees shall be eight cents in all cases, in addition to the lawful postage, domestic or Postal Union rates.

SPECIMENS OF DISEASED TISSUES.

Specimens of diseased tissues may be admitted to the mails for transmission to United States, State or municipal laboratories only when endorsed in mailing packages constructed in accordance with the specifications hereinafter enumerated.

Liquid cultures or cultures of micro organisms in media that are fluid at the ordinary temperature (below 45° C. or 113° F.) are unmailable. Such specimens may be sent in media that remain solid at the ordinary temperature. Upon the outside of every package shall be written or printed the words "Specimens for Bacteriological Examination." This package to be treated as letter mail. The receptacle for moist specimens of diseased tissues shall be a strong glass vial or test tube having a capacity not greater than two drams. Said vial shall be covered and made water tight by use of a metal screw cap, and a rubber or felt washer, which has been immersed in melted parafine, or if a test tube be used, it shall be covered with a tightly-fitting rubber cap.

2. Said vial or test tube shall be placed inverted in a circular tin box. Said box shall be made of I. C. bright tin plate and shall have a flush or countersunk bottom, soldered joints, and not be smaller than 1¼ inches in diameter and 3 inches long, nor larger than 2¼ inches in diameter and 3½ inches long. This box shall be closed by a metal screw cover and a rubber or felt washer or tightly fitting metal sliding cover, and it shall be so placed with absorbent cotton that the glass or test tube in said tin box shall be evenly surrounded on all sides by cotton, and the cotton shall be closely laid.

3. Said tin box shall be placed inverted inside of a larger tin box similar to the one already described, which should snugly receive the specimen box. Upon the inside of the sides and bottom of this outer box there shall be a lining of compressed paper not less than 3-16 of an inch in thickness. Said outer tin box shall be closed by a metal or screw cap,

and a rubber or felt washer, or this box may consist of hardwood, being a block with a cylindrical hole bored in one end and extending to within not less than one inch of the opposite end, the open end to be closed with wooden or metal screw cap with a rubber or felt washer or the outside tin box may be a cylindrical wooden box, having a screw cap or washer. The thickness of the sustaining part of the wooden tube to be not less than one-quarter inch and be lined same as tin box.

4. Receptacle for dry specimens of diseased tissues shall be a glass test tube 3 inches in length and one-half inch in diameter. Said test tube shall be enclosed in a circular tin box similar to those already described, but measuring 2¼ inches in diameter and 3⅛ inches in length, and be lined upon its sides and bottom with compressed paper not less than one-quarter inch in thickness. Said box shall be closed by metal screw cap and rubber or felt washer. Said test tube shall be closely packed in cotton.

STAMMERING

The Bryant School for Stammerers,

For the Correction of Stammering and other Affections of Speech where Drill in Articulation and the Technique of Speech are indicated.

AS MUCH of the speech apparatus is under control of the will, considerable may be done for those who suffer from speech defects by a careful training of the respiratory, vocal and articulating organs. This training is given under the direction of a physician of many years' experience. The profession may rely upon having the best treatment known for those who apply to them. Such remedies for nervous and physical conditions as directed by the patient's physician may also be used. Patients may live in the doctor's house and have his constant care. The new location near Central Park is very quiet, healthy and accessible. A circular, giving outline, information and references from eminent men and pupils, sent to any address mentioned.

Long Island College Hospital, Borough of Brooklyn
NEW YORK CITY

Cornell University

Medical College . .

NEW YORK CITY.

THE Session of 1901-1902 will begin Tuesday, October 1, 1901, and will continue about eight months. The course of instruction covers four years. Students who present credentials from other accredited medical colleges of full courses of study will be admitted to advanced standing after passing examinations on those subjects, the study of which has been completed in the previous years.

In conjunction with the regular curriculum there is an optional Summer Course in operation during the months of May, June and July, in which any student or post-graduate may select clinical work in the College Dispensary or laboratories, or in hospitals visited by the members of the Faculty. At the same time, if desired, lessons taught by recitations may be taken in Anatomy, Surgery, Medicine, Materia Medica, Physiology and Chemistry.

The Essential Features of the Curriculum are:

1. Recitations in sections throughout all years and on all the principal branches. 2. Thorough laboratory instruction. 3. Clinical and bedside section teaching and clinical ward work, with the Professors and Clinical Professors, in small groups in Bellevue, New York, Presbyterian, Mothers' and Babies' and other City hospitals. 4. Special branches taught clinically to small groups in hospitals and dispensaries.

Instruction in Practical Hygiene and Sanitary Science will be given in accordance with the circulars heretofore issued upon that subject.

The full Four-Year Course of the Cornell University Medical College is given in the City of New York, but the first half of it—the work of the first and second years—is also given at Ithaca, where it may be taken by men students, and where alone it can be taken by women students (for whom a home is provided in the Sage College for Women). Both men and women students must take the last two years of the course in New York City.

The circular for 1901-1902, enumerating the Faculty, full details of the curriculum, requirements for admission, and other information, will be sent on application.

For further information and particulars, address

"Schieffelin's"

Bensolyptus

Alkaline Antiseptic and Prophylactic.

Bensolyptus is an agreeable alkaline solution of various highly approved antiseptics, so combined that one supplements the action of the other. Its ingredients are all of recognized value in the treatment of

Catarrhal Affections

because of their cleansing, soothing and healing properties. Bensolyptus is highly recommended in all diseases of the nose and throat, both acute and chronic, and as a mouth-wash and dentifrice. It is also indicated for internal use in affections of the stomach and intestines where an agreeable, unirritating and efficient antiseptic and antifermentative is required.

NEW YORK UNIVERSITY.

NEW YORK-AMERICAN VETERINARY COLLEGE

College Building, 141 West 54th Street,

NEW YORK CITY.

The union of the New York College of Veterinary Surgeons and the American Veterinary College and the adoption of the consolidated institution as a school of the New York University was accomplished in 1899. The purpose of the change was not only to promote the best interests of the schools and of their alumni, but more especially to advance the standard of veterinary education.

The new institution with its enlarged Faculty, composed entirely of experienced teachers, its increased and abundant clinical resources, and its regular use of the extensive laboratory equipment and advanced instruction of the University and Bellevue Hospital Medical College, is enabled at once to offer the means for the attainment of a thorough veterinary education.

FACULTY.

HENRY M. MacCRACKEN, D.D., LL.D., Chancellor.
ALEXANDER F. LIAUTARD, M.D., V.M., Dean, Professor of Anatomy, Clinical Surgery, Veterinary Jurisprudence and Sanitary Medicine.
JAMES L. ROBERTSON, M.D., D.V.S., Professor of Principles and Practice of Veterinary Medicine and Clinical Medicine.
HARRY D. GILL, V.S., Professor of Principles and Practice of Veterinary Surgery and Clinical Surgery.
WILLIAM J. COATES, M.D., D.V.S., Professor of Anatomy, Clinical Surgery and Medicine.
ROSCOE R. BELL, D.V.S., Professor of Materia Medica and Therapeutics.
J. ELMER RYDER, D.V.S., Professor of Obstetrics and Clinical Medicine.
JULIUS HULESON, D.V.S., Professor of Cattle Pathology and Meat Inspection and Sanitary Medicine.
J. BETHUNE STEIN, M.D., Professor of Physiology.
WILFRIED LELLMAN, D.V.M., Professor of Helminthology and Canine Pathology.
JOHN A. LEIGHTON, D.V.S., Professor of Diseases of the Foot and Art of Shoeing.
GEORGE G. VAN MATER, M.D., D.V.S., Professor of Ophthalmology.
ROBERT W. ELLIS, D.V.S., Lecturer on Zootechnics and Veterinary Jurisprudence.
W. V. BIESER, D.V.S., Demonstrator of Anatomy and Curator of the Museum.
ARTHUR R. MANDEL, Assistant in Chemistry.

The system of instruction embraces a thorough Didactic and Clinical Course of three years' attendance. The American Veterinary Hospital, which is a branch of the College, has treated since its opening over 50,000 cases. It is utilized for the clinical instruction of matriculates, and affords unrivalled facilities.

The regular term opens in the beginning of October and closes at end of March. For further information or catalogue, address A. LIAUTARD, M.D., V.M., Dean of the Faculty, 141 West 54th Street.

REQUIREMENTS FOR GRADUATION.

Students must, as required by law, have reached the age of twenty-one years, and must file satisfactory certificates of good moral character and of three years' study of veterinary medicine.

They must have filed with the Secretary of the Faculty the Regents' Veterinary Students' Certificate as evidence of having complied with the requirements for admission.

Candidates are examined on the following subjects: Anatomy, Theory and Practice of Veterinary Medicine, Veterinary Surgery, Pathology, Diseases of Cattle, Obstetrics, Helminthology and Canine Diseases.

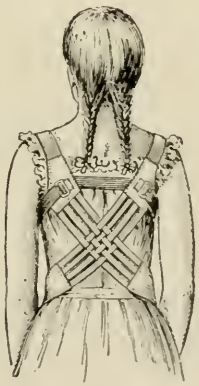
J. C. SCHNOTER'S SHOULDER BRACES

For School Children.

"Round shoulders" cause contraction of the chest walls and prevent the full expansion of the lungs, giving rise to diseases of the lungs. Our SHOULDER BRACES are the only ones that will thoroughly correct this unnatural deformity and prevent serious trouble in later years. Also Abdominal Supporters, Trusses, Elastic Stockings, Crutches, Braces for every kind of deformity, etc., etc.

Competent Lady Attendants for Ladies. Separate parlors for ladies.



Schnoter's Suspensories are endorsed by the Medical Profession.

"Varicocele" (or Cirsocele), "Hydrocele," etc., relieved by the use of J. C. SCHNOTER'S ARMY AND NAVY SUSPENSORY BANDAGES. THE ORIGINAL SCHNOTER Suspensory Bandages have the inventor's initials, J. C., before the name of SCHNOTER on every box and bandage. For sale by all Druggists in the United States.

"Beware of Imitations."

J. C. SCHNOTER CO., Sole Manufacturers, 523 SIXTH AVE., NEW YORK.

CAUTION.—No connection with any other Truss place on this block.

NOTICE.—We are near 31st Street.
